Bomb Squad Call Out

On Friday March 26th, 2010 at 7:21 pm the Bonneville County Sheriff's Office responded to 6201 N 55 E for a possible explosive device.

The Sheriff's Office was informed that a rock that was being used for landscaping was a rock left over from a canal project where the rocks in the canal were blown up to move them. The owner moved the rock to the residence and later noticed wires coming out of the rock.

The Idaho Falls Bonneville County Bomb Squad responded and determined that there was an explosive device still in the rock. The residence and immediate area was evacuated. The rock was moved to a safe location and the device was detonated.
