

Fraud Alert:

The Bonneville County Sheriff's Office would like to make the public aware that there have been reports of person(s) calling the public stating that they are from the Federal Bureau of Investigation and identifying themselves as a Federal Agents.

The caller will tell you that they are attempting to return money that was stolen from a sweepstakes or return money from timeshares that was recovered during an investigation. The caller will then request that money be sent to pay for the insurance to send the money via money order.

These calls are more than likely fraudulent in nature. There are no law enforcement agencies that will request money be sent to them in order to return recovered funds. Please do not send any money nor provide the caller with any personal information, banking information or credit card information. You are advised to hang up and contact law enforcement to report the activity.

For more tips on how to avoid becoming a victim of telephone or internet fraud schemes, you can visit www.fbi.gov.

Thank you,

Sgt. James C. Foster
Detective Sergeant/Property & Evidence
