

## Bonneville County Sheriff's Office

News Release

May 31, 2011

The Bonneville County Sheriff's Drivers License Office **will be closed from 8: 00 a.m. until 2 p.m. on Monday June 6<sup>th</sup>** for the new central driver's license design and issue system.

We will be closed during this time to assist in a transition to the new Idaho Drivers License central issue process. This time will allow us to install and upgrade equipment. It will also allow us the time to train our staff in the use of the new system.

We are sorry for any inconvenience this may cause.

The updated system will help protect drivers and ID card holders from identity theft and fraud by incorporating security features that are nearly impossible to counterfeit. The switch also means cards will be issued from a central secure location instead of over the counter.

With this new central issuance process, applicants leave our county office with a temporary paper document, valid for 30days. The new plastic license or ID card is produced at the central production facility and mailed to the customer within about 10 business days. Because it is mailed it is critical for applicants to provide a correct address.

Current Idaho licenses or ID cards remain valid through their expiration date.

Thank you

Sgt. Jeff Edwards
